

Why am I receiving this email?

We sent you this email because you are a client of Encore Bank.

Your Digital Experience is Getting an Upgrade – Coming Fall 2023

In case you haven't heard, this fall Encore Bank will launch a new and improved digital banking experience for both individuals and businesses. Our new digital banking platforms – Encore Digital Bank for personal banking and Encore Commercial Connect for business banking – are designed to make your banking experience faster, simpler, and more secure and convenient than ever before.

With our new digital banking platforms, you'll have access to a host of exciting features, including intuitive navigation, streamlined transactions, real-time balance updates and a user-friendly interface that's easy to navigate from your desktop, tablet or mobile device.

Whether you're on the go, at home, or in the office, you'll be able to manage your accounts, transfer funds, pay bills and view your transaction history at the touch of a button. Plus, with enhanced security measures in place, you can be confident that your information is safe and secure.

Here's what you can do now to prepare for the launch:

To avoid delays in accessing the new system, please update your contact information to ensure the information we have on record is accurate.

More details about new features and how to prepare will be coming soon!
